Promotion Policy in the Current Exception Circumstances

Academic Year (April 2025 – March 2026)

Considering the exceptional situation from 28th February onwards, the Ministry of Education (MOE), Bahrain, instructed schools to shift to online teaching and learning.

Iqra Private School had scheduled the Internal Examinations for students from LKG to Grade 8 from 3rd March 2026 to 17th March 2026. However, due to the current situation, conducting in-person examinations is not feasible.

Therefore, the school management has decided to prepare the final results for the academic year as follows:

1. The Third Term results will be prepared based on students' formative assessments, calculated as the average of the three formative tests conducted during the third term.
2. In cases where a student was unable to take one of the formative tests due to a medical reason, the average of the other two tests will be considered as the marks for the missed test, provided that a valid medical certificate has been submitted.
3. The average of the three formative tests will be converted into marks equivalent to the total marks allocated for the Third Term summative examination.
4. The final aggregate will be calculated in accordance with the school's regular assessment policy, and decisions regarding promotion or retention will be made based on this aggregate, as per the school's standard practice each year.

Note: Students will receive the online results on 26th March-2026 subject to the clearance of all outstanding fees until March 2026. The online book ordering service will also be available from 26th March-2026. Parents will be notified about the collection of books based on the current situation at that time.
